

Alexander Richman, MD and Charlotte Yudell, MD
Lecture Series on Humanism and Ethics in Medicine Presents

Positive Exposure:

Seeing Beyond the Diagnosis

Join POSITIVE EXPOSURE founder and director, Rick Guidotti and explore the cultural perceptions of beauty, stigma and acceptance of individuals living with a variety of genetic conditions. Featuring images and film clips illuminating the stark contrast of existing imagery currently used in medical education.

Thursday, November 10

6 – 7:30 pm

Guggenheim Pavilion East, Hatch Auditorium
1468 Madison Avenue

A in-person discussion followed by a small reception

RSVP

by October 27

Brought to you by the Academy of Medicine and the Humanities and the Richman Series Planning Committee.
